**Every Patient. Every time.**

Excellent patient care takes unrelenting **dedication and focus.**

It begins with people who care deeply about their work and the patients we treat.

It’s a desire to do better and be better and about holding healthcare to a higher standard, with every patient interaction, every time.
Providing Expert Care Locally

Doser Memorial Hospital is a critical access hospital serving Smithville Township and the surrounding communities of Brunswick County. Doser owns and operates 8 primary care clinics in this area.

When your mission is to be, “The friendliest, most patient focused hospital in North Carolina,” you accept that your work is never finished. It requires a staff which fully supports a culture of excellence, quality, and patient safety and that takes ownership in ensuring that our patients receive the best care possible.

Doser has earned exceptionally high quality and patient satisfaction ratings and is recognized as one of the highest ranking hospitals in the state for patient experience.* We take great pride in being able to improve the quality of life for people in our community.
