Doshier Cardiac Rehab and Physical Therapy Services to relocate to hospital

SOUTHPORT – In order to comply with regulatory requirements and to better serve the community, Doshier Memorial Hospital announced today that it is moving their Cardiac Rehab and satellite Physical Therapy services from the Doshier Wellness Center at 3009 Medical Plaza Lane in Southport, to the hospital’s main campus at 924 N. Howe Street. This change, which is set to go into effect on October 3rd, will enable enhanced use of hospital facilities and access to services. All other Wellness Center services, including Doshier Wellness Family Medicine, the practice of Dr. Kristos Vaughan and Dr. Leigh Vaughan, Doshier Convenient Care, and Doshier Wellness Lab and Imaging Services, will remain at their current location with the same days and hours of operation.

Patients who have questions about these changes or who want to confirm the location of their scheduled appointment may call Anna Nance at (910) 457-3871 for Cardiac Rehab inquiries or Jena Hoen at (910) 454-4701 for Physical Therapy inquiries. Doshier is grateful for the continued support and loyalty of our community and will work to make this transition as seamless as possible for our patients.
