Doshier Announces Latest “Triple E” Recipient

Denise Joines, Doshier Memorial Hospital Cardiovascular Sonographer

SOUTHPORT— Denise Joines is the latest recipient of the Doshier Memorial Hospital Employees Exceeding Excellence, “Triple E” Award. Denise, a Cardiovascular Sonographer with the Diagnostic Imaging Department, has been with Doshier over five years and is acknowledged not only for her outstanding clinical work, but also for her reliability, friendliness, and willingness to go above and beyond the parameters of her job description to support the Doshier organization.

Like healthcare institutions around the globe, Doshier was required to quickly adapt to a heightened safety protocol at the onset of the COVID pandemic. Prior to Doshier having dedicated screeners at all points of entry, Denise provided coverage at the COVID screening desk whenever asked, greeting everyone with a smile and pleasant attitude. Her work at the screening desk has helped protect employees, patients and the community while allowing staff to keep their focus on patient care. As noted in one of her nominations, “You can tell she truly cares about everyone who walks through the door and strives to make them feel welcome.”

Triple E's are nominated by their peers on a quarterly basis.
